POWER BEYOND PERFORMANCE

POWERFUL ELECTRIC MOTOR

With one electric motor that produces 150 kW with 266,3 Nm max torque, the front-wheel-drive brings the electric powertrain with the instantaneous torque.

REGENERATIVE BRAKING WITH BOOST MODE

A more natural feeling handled brake is based on human sensory characteristics that control performance, rigidity, and responsiveness.

BATTERY PERFORMANCE

The battery's safety and service won't be compromised as the fast-charging battery technology system can be achieved in up to 30 minutes for 0-80% battery with a 150 kW system (CCS2).

DURABLE BATTERY WARRANTY

Reach greater distance as the vehicle's battery lifespan warranty is fully covered by Toyota for 8 years/160.000 km for your protection being guaranteed.

SAFETY BEYOND TECHNOLOGY

SAFETY EXIT ASSIST

Giving audible and visual alerts when people open the door and there is an approaching vehicle from the rear side.

PARKING SUPPORT BRAKE (PSB)

Detection covers a wide area surrounding the vehicle, helping to avoid minor collisions and reduce damages.

INTEGRATION A-PILLAR (ENHANCE SAFETY)

With integrated design pillar that enhances consumer safety from crash forces.

REAR CROSS TRAFFIC ALERT (RCTA)

Gives alert to prevent the vehicle's rear from crashing by enhancing the road's visibility.

REAR CAMERA DETECTION (RCD)

Supports the driver checking safety from the rear side, especially when parking or reversing.

e-TNGA PLATFORM

As the first Toyota vehicle that utilizes brand new e-TNGA (Toyota New Global Architecture), All-New Toyota bZ4X is made specifically with a structure that allows more space inside the cabin with a solid foundation and stability in its performance.

ADVANCED PARKING

Designed to assist the driver with hands-free parking, especially when parallel parking or reverse parking and also automatically helps you for searching parking spaces.

Tintouch Live Connected
